We are currently looking for a full time GP Anaesthetist to join our busy rural practice located in Naracoorte, South Australia. We are only 1/2 hour from the Coonawarra Wine region, 1 hour from Mount Gambier and approximately 3 1/2 hours to Adelaide.

We are a single practice town and currently have 12 doctors with 10 doctors on the call roster. There are currently 3 GP anaesthetists. Naracoorte Health Service is completely serviced by GP anaesthetists only.

We are contracted to provide a minimum of 180 anaesthetic lists per year at Naracoorte. We also provide elective anaesthetics for Bordertown Hospital, approximately 20 lists per year. We provide emergency anaesthetics for Naracoorte Hospital, the vast majority being obstetric anaesthesia ie epidurals and sections. There are approximately 180 deliveries per year at Naracoorte.

On call and elective lists and are shared equally.

Routine consulting is from 9am to 5 pm. We work a 4 day week plus on call. We offer 6 weeks annual leave and long service leave when eligible. This allows ample time for golf, fishing, wine tasting or just putting the feet up.
